## Fact checking (SIFT)

- **Stop**
  - Before you read the article, stop!
  - Before you share the video, stop!
  - Before you act on a strong emotional response to a headline, stop!
  - Ask yourself: Do I know this website? Do I know this information source? Do I know it's reputation?
- **Investigate the source**
  - Before moving forward, use the other three moves: Investigate the Source, Find Better Coverage, and Trace Claims, Quotes, and Media back to the Original Context.
  - Use Google or Wikipedia to investigate a news organization or other resource.
  - Hovering is another technique to learn more about who is sharing information, especially on social media platforms such as Twitter.
- **Find better coverage**
  - Look and see what other coverage is available on the same topic
  - Keep track of trusted news sources
  - Use fact-checking sites
  - Do a reverse image search
- **Trace claims, media and quotes to the original context**
  - Click through to follow links to claims
  - Open up the original reporting sources listed in a bibliography if present
  - Look at the original context. Was the claim, quote, or media fairly represented?

## Library Resources

- **Lief Library main page**
  - <https://www.lehman.edu/library/>
- **Lief Library librarians**
  - Get to know the physical library
  - A real, live librarian is available to help you 24/7 online via the library website
- **CUNY Library databases**
  - You can also access the library data bases and catalog from off campus by logging in with your CUNY credentials
- **NYPL resources**
  - As a CUNY student you also have access to even more resources through the New York Public Library, even if you don't live in the 5 boroughs
